## GOOD INVESTMENT

Maysville Needs a Night School For Her Young Wage-Earners

Something that is needed in this city more than anything else is a night school for boys and girls who are compelled to work during the day to help support the family.

An institution of this kind would return a bigger dividend for the money, time and patience invested than could be reckoned in dollars and cents.

Many a man who in after years has risen to fame and fortune can look back to such an institution as the beginning of his success in life.

In all the city there is not a philanthropist who will take it upon himself to awaken an interest in this matter?

It might be possible that the Board of Education would allow the use of one of the basement rooms in the High School Building free of charge for such a worthy cause.

Years ago such a school was successfully conducted in the West End, and the good results from it were of incalculable benefit to a large number.

Won't somebody start the ball a-rolling and give us a night school where these working people will have an opportunity of acquiring at least the art of reading and writing?

## WORKED OVER-TIME

Splendid Service of Mr. Thomas D. Slattery in Late Campaign

Although the campaign is over and conditions are settling down to the even tenor of their way, it is not out of order to state that Thomas D. Slattery was Chairman of the Democratic Campaign Committee of this county, and his fine Italian hand must be taken into consideration when accounting for the large majority given the Democratic ticket in this balliwick.

He never let up in his efforts to advance the interests of his party. Night and day he employed both head and hands in zealous and indefatigable work, and now that the smoke of battle has lifted and the horizon is clarifying, you moseback Democrats should befittingly reward him for services nobly and unstintingly rendered.

When it comes to cunning politics, Thomas is right there with the goods, a veritable Napoleon, and don't you forget it.

## TOO LATE FOR ACTION

Lengthy Decision of Appellate Court in Lewis County Case

The Court of Appeals Thursday, in a twenty-five-page opinion, affirmed the Lewis Circuit Court in the case of the Commonwealth vs. T. S. Clarke et al.

The action involved a suit by the state agent to enforce a provision of the will of Mrs. Elizabeth M. Bedford, who died February 20th, 1860, and by which she willed part of an estate including 452 acres in Lewis county, 300 acres in Robertson and 460 in Nicholas and Robertson counties in trust for "the benefit of education of poor children of the Commonwealth." Robert Bedford, her only son, being the other beneficiary.

He died in 1887 and his heirs came into possession of the property.

The Lower Court held the action was barred by fifteen and thirty years' limitation, and dismissed the suit.

The Appellate Court traces the deeds of conveyance, and discussed the law of the case and the point of the deed being void for uncertainty, but decided the case, affirming on the statute of limitation.

## No Poison in Chamberlain's Cough Remedy.

From Napier (New Zealand) Herald—Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines that were sold in that market. Out of the entire list they found only one that they declared was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Company, Des Moines, Iowa, U. S. A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for coughs, colds, croup and whooping cough. This remedy is for sale by all Druggists.

## Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

THE Commission has again rejected the statue of GOEBEL, and ordered the contractors to employ another sculptor. It's mighty hard to improve on Nature.

THE Louisville Post pertinently asks, "What does it profit the Democratic party to make the South solid by a process which makes a larger North even more solid?"

It looks like the people of Mason county would rather have the offices filled by Democrats than to have a decent Infirmary Building for their unfortunate fellow-beings.

MR. WATTERSON says "All seems lost. To organized Democracy, we fear all is lost." And "What shall we do?" That's dead easy, old man; come over and slide on our cellar door.

FOR the benefit of our beloved Brother of The Bulletin, who appears to have Grass-y on the brain, THE LEDGER refers him to an article from The Vanceburg Sun, reprinted elsewhere. After he reads that, he may take another crack at the barn door.

W. L. DOUGLAS, the Democrat who makes the \$3½ shoes that Colonel DAVE HECHINGER sells, and who was elected Governor of Massachusetts by 30,000 while TEDDY carried the state by 100,000, is now being boomed for President in 1908. Old man PLINY, who kept a banana stand in Italy just after the birth of the First Century, worked off this bit of advice—"Shoemaker, stick to your last."

Mighty hard to put a man in Congress when the votes elected the other fellow.

It was hoped that the closing of the polls would settle the election in this District; but it looks like there'll be another arbiter—and it won't be the Democratic Machine at Frankfort, either; not this time; s'mother time.

MR. KENOE is entitled to have counted for him every legal vote that was cast for him, and no election officer has a right, either through intent or stupidity, to deprive him of a single vote. Will any Democrat deny this? Then why shouldn't the same rule apply in Judge BENNETT's case?

MR. BRYAN has issued his proclamation for a reorganization of what ROOSEVELT left of the Democratic party, and one of the items on his menu is, "Down with National Banks of issue." If he insists on this, he will find himself worse beaten than he was on two former occasions when he tried to regulate the country's finances on the Populist plan.

THE Court of Appeals, in an opinion written by Judge HOBSON, who is a Democrat of Democrats, has just given the Democratic election thieves another jolt. It was in the case of JOHN W. GALLOWAY, Republican, who was elected Circuit Judge in the Bowling Green District over B. W. BRADBURN, Democrat. BRADBURN contested the election and trumped up several hundred "doctored" ballots to prove his majority. In the Lower Court Judge J. J. OSBORNE of Cynthiaana, who by the way now represents Mr. KENOE in trying to rob Mr. BENNETT of 54 votes in Harrison county, was appointed to try the case. OSBORNE admitted the "doctored" votes and declared the Democrat elected. Now, however, the Court of Appeals declares "the ballots were tampered with after the votes were counted," and gives the office to the Republican who was fairly elected. Next!

Cairo gets the next meeting of the Ohio Valley Improvement Association.

The Helen M. Gould has come off the Madison Marine Ways virtually a new boat.

The Ohio Valley Improvement Association, at its Huntington meeting, adopted a resolution petitioning Congress to secure a nine-foot stage for the Ohio river from Pittsburgh to Cairo.

The A. R. Budd Coal Company sold to the Youghiogheny and Ohio Coal Company its big mine at Webster, Pa., for \$250,000. The Budd Coal Company expects to make big Southern shipments this fall.

Owing to the absence of most of their employees the coal companies of Pittsburgh are gradually shutting down their mines until a rise in the river permits the return of the boats. Only five of the forty mines of the Monongahela River Consolidated Coal and Coke Company are running. Nearly 800 of the Company's employees are stranded between Pittsburgh and Louisville.

Navigation at headwaters is completely tied up on account of low water, and Pittsburgh is threatened with a turkeyless Thanksgiving. Packets which supply the holiday poultry trade have been tied up for weeks. The usual Thanksgiving rise, rivermen say, will not materialize, and thousands of live birds which are shipped by river into Pittsburgh each year will stay on the farms until a rise comes in the Upper Ohio.

"SOME ONE LIES!"

SAYS THE VANCEBURG SUN

And It Sends The Bulletin Man to Grassy

It Was a Democratic Clerk Who Monkeyed With the Returns of Grassy Precinct

Vanceburg Sun.

SOME ONE LIES.

The following articles, one being printed as an editorial and the other as a news item, appeared in Monday's Maysville Bulletin. We have known Editor Marsh of The Bulletin all our life, and have always known him for an honest, truthful, Christian gentleman; but if he is the author of the article which we reproduce below he either tells a deliberate falsehood or is badly misinformed and owes his readers an explanation.

In Grassy Precinct a Democratic Clerk made out the certificate in the back of the pollbook showing that Kehoe received 62 votes, and left Bennett's vote entirely out. At the same time he made out certificates for each election officer showing that Kehoe received 62 votes and Bennett received 167. All of the certificates were signed by all four of the officers and none of them claim that Bennett's vote as certified by the County Board last Saturday is incorrect. Besides this, the ballots are locked in the ballot-box in the vault at the Courthouse and will show for themselves.

The Grange City Precinct referred to is in Fleming county, and we understand the same conditions existed there as in Grassy Precinct, this county. It looks very much as though Kehoe is defeated on the face of the returns and that the Democrats are trying to steal his

election by throwing out Republican votes on account of errors made by Democratic election officers, and, while we hate to believe that they would be guilty of such an act, it begins to look like the mistakes were made purposely.

The articles which appeared in The Bulletin are as follows:

"Four days after the election the 'rote' of Grassy Precinct in Lewis county was banded into the County Clerk's office at Vanceburg by the 'boys' loaded up to the guard by a majority of 106 for Bennett for Congress. No doubt if they thought they needed more they would have 'sed' so. Here is the law on the subject:

"Within two days next after an election the Sheriff SHALL deposit with the Clerk of the County Court the returns from the different Precincts."

"What are the laws made for, anyhow, if they are not to be obeyed? If Grassy is permitted to trot in an inflated vote any time to suit herself, the people might just as well quit voting and allow the Returning Boards to guess on majorities."

"When the official vote of Lewis county was canvassed Friday the officers of Grassy Precinct failed to certify that Judge Bennett received any votes in that Precinct, but Republicans claim he received 168 votes. On the face of the official returns, therefore, Bennett's majority is cut down to 689.

"A malum suit was filed and served on the Commissioners to compel them to include the Grange City Precinct in the count, and the matter will come up in the Circuit Court next January.

"The returns from Fleming showed a plurality of only 47 for Kehoe, but the throwing out of a Precinct owing to alleged irregularities gives Kehoe 107 majority."

Walter C. Wormahl respectfully solicits your influence and support for Justice of the Peace in the approaching Democratic Primary.

Save Your Daughter

No. 185 West 88th Street,  
New York City, N. Y., April 4, 1904.

Wine of Cardui has been a blessing to my home. I have often found that it was a great relief when I was weary or in pain, but I am especially grateful for what it did for our daughter and only child. I noticed that her menses were tardy and she suffered with headaches and dizziness, heaviness in the abdomen and about the loins. This seriously interfered with her studies and she had to discontinue several of them.

A visitor calling on me and discussing the matter suggested that I give her a course of your Wine of Cardui as it had relieved her daughter of a similar trouble. After my daughter had used it for five weeks I found a great improvement in her looks, health and behavior, in fact she was a different girl. The flow became regular and we have not had any difficulty since.

Elyse H. Thompson

THANKS, RAYBORN MEMORIAL ASSOCIATION.

WINE OF CARDUI

Here the menstrual function had not been properly started and the unnatural condition was making the young girl an invalid. The headaches and dizziness, indicated something more than a mere temporary ailment. They were symptoms of a functional weakness which would become more and more aggravated as years went by. But Mrs. Thompson was ready to take advice for her daughter's welfare and she gave the little sufferer Wine of Cardui and now she is a well young woman.

If your daughter is sickly and frequently ailing the letter of this good mother contains the best advice you can follow.

Wine of Cardui is the menstrual regulator that cures nine cases out of every ten. Young girls, mothers and aged women find this tonic indispensable. All druggists sell \$1.00 bottles Wine of Cardui.
